Great cause of Joy to the Afflicted.

Crooke's Electric Oil. The cures performed by this Medicine are so won-terful and instantaneous, so satisfactory and mitiga-ting of human ill, as to call upon public functionaries, and those having charge of public institutions for the sick and suffering, to look well into the well-attested media, the simple efficacy of this Electric Oil. Its effects are so as calculabling as to recomble those mirro-vulums cures, it ancient time, another of in the Stra-culum curre, it ancient time, another of in the Straculous cares in ancient time, spoken of in the Scrip-tures, as performed by annointing with oil. This Ricctric Oil is extremely mild, yet prompt in its oper-According to the series of the proper in its operation. It is used with a most salutary effect in all Flesh Wounds and Cutaneous Eruptions, such as Burns, Cuts, Chaps, Tetter, Ringworm, Fronted Feet, Earache, Deafness, Sore Eyes, Piles, Bruises, and all diseases where an external application is required, but it is perfectly safe to take internally, and it has a good effect in all cases of incipient Consumption, Recognition actions.

Two or three applications will cure the worst Chap-ped Hands. Nothing is better for Burns or Scalds. It has no equal for Tetter or Ringworm; and if used on a Fresh Cut, it never gets sore, but bents up in an incredible short time. Try all others, but give this one fair, simple trial.

The inventor challenges the world with this Electric Oil.

Crooke's Never Fail.

This preparation contains the most powerful ingredients belong to the vegetable kingdom, and owing to its very penetrating qualities, it has given re-lief in cases of the most obdurate and excruciating pain, when all other remedies have completely failed. It is wonderful in its effects, yet harmless as water for the most delicate person. An infant may take it into its stomach, as prescribed, without danger; the most delicate female may use it without annoyance, for it is beautiful in appearance, pleasant in its oder, and leaves no grease nor stain where it has

It has been discovered that all organic derange-ment of the animal system, is the effect of an ob-struction of the Electric Fluid in the organs diseased. An application of the Never Fail, from its very pene rating qualities, puts in immediate motion this fluid, hence a cure is thus effected, and in many cases in 5 or 10 minutes. It cures all Aches and Pains in a shorter time than any thing else known in the Materia Hats, Straw Goods, &c. raigis, Toothace, Rhenmatism, Sprains, Cramps, &c. Used internally for the cure of Colic, Cramp Colic, Sick Headache, Diarrhea, &c. It cures Toothache in one minute, Earnche in two minutes, Headache in five minutes, Neuralgie pains in fifteen minutes, &c., A dose taken inwardly, cures the Colic, Sick Headache, &c., in a very short time.

This medicine generally gives relief in from one to ten minutes. It will now be evident that the Electric Oil is recommended for all Flesh Wounds, and diseases per-taining to the Skin, while the Never Fail is used for all Aches and Pains. But in all Chronic Diseases, such as Chronic Rheumatism, &c., the Electric Oil should be used externally, and the Never Fail intern-

These Medicines have been fully tested, and thousands who have already used them, speak in the most complimentary terms of their wonderful effects. They are fast gaining popularity—wherever used, they are received with acclamations of great joy, and pro-nounced the greatest cure for Aches and Pains ever offered to the public. They act upon the system on the principle of Electricity, performing cures in short-er time than anything else known. Their masterly effects upon the nerves in quelting them, whether and would modestly suggest to those who are interapplied externally or taken internally, gives them a ested in buying Celebrity unsurpassed by anything.

During the brief period since their introduction

they have carried happiness to the hearts of thousands who now rejoice in freedom from long lingering pain and disease, which many other remedies had failed to cure. Indeed it is no exaggeration, when we say they are decidedly the best preparations known for the cure of those diseases for which they are recommended. They are bound to rise and stand pre-eminent in the list of valuable remedies, and they will certainly be used when many of the nostrums now in vogue shall have fallen into everlasting obliv-

It is well known the public has been deceived in many instances, by being induced to buy worthless and inert preparations; but these Medicines need only to be used, to be appreciated; and we hope they will not be condemned by those who have not used them, before giving them a fair trial. If it were ecessary, we could furnish many certificates from the best men of the country, but we would say, that the use of one bottle in a neighborhood would do more to convince the public of its superior qualities, than all the certificates in the world. So come and see for yourselves, ye lame and suffering! Oh, ye Rheumatic and dying, come and see!!

These Medicines are warranted purely Vegetable and no bad results can arise from their use. Every cance of them is compounded under the immediate supervision of the inventor, and he assures all that no deleterious drug enters into their composition. Also equally as good for your horse as yourself.

Sold throughout the country by all regular Drug-gists, at One Dollar per bottle.
